

## **ST JOSEPH'S HOSPICE HALF DAY TEACHING IN PALLIATIVE CARE**

### **YEAR 5 COMMUNITY CARE UNIT**

At the end of this teaching you should know:

- How to recognise the dying patient
- How to keep a dying patient comfortable
- How to approach end of life care decision making
- Which medications to prescribe in the terminal phase
- About the use of syringe drivers

You will also be given an update on:

- Palliative care & the role of hospices
- Pain management
