Leverhulme Trust: The Leverhulme Trust don't seem to support childcare allowance, but they are open to review requests on a case by case basis (depending on what is asked, and what the original agreed budget is).

EU – MSCA Fellowships: There is a Family Allowance of €500/month (for the next round in Sept 2019). This extra allowance is paid to the fellow in their monthly salary. This figure however, includes employers on-costs (so QMUL National Insurance and pension contribution), which are removed before the basic rate salary is paid to the fellow.
