

Restarting GP placements in a COVID-19 world – CBME Summer Education Day

Dear all,

Further to the email below, we are delighted to now invite you to [book online](#) for our 'Virtual' **CBME Summer Education Day - Restarting GP placements in a COVID-19 world**, which is taking place online on **Friday 10th July 2020 (11am – 3.15pm)**.

In the morning we will think about flourishing and how we reconnect with our students after the disruptions that COVID-19 has brought, and in the afternoon, we will be thinking about student learning – **please find attached the full programme**.

BOOK ONLINE

All members of the practice team are invited to attend all day, or just the morning or afternoon sessions. Please ensure that if you plan to attend any part of the day that you book your place online before Friday 10th July as **only those who have booked a place will be sent the weblinks required to join the online sessions**.

To book your place online please visit the Eventbrite website via the following link: <https://2019-20-virtual-cbme-summer-edu-day.eventbrite.co.uk>

If you have any queries at all then regarding our virtual Summer Education Day then please do not hesitate to **contact me via email (k.j.scurr@qmul.ac.uk)** in the first instance.

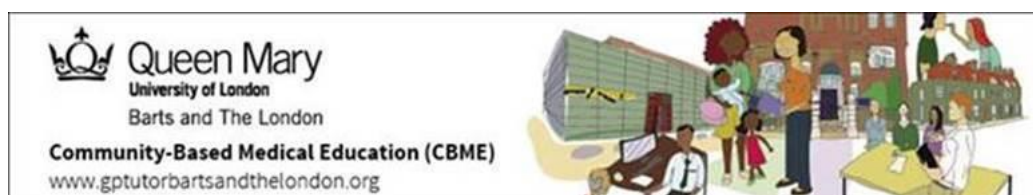

We look forward to seeing you on 10th July.

Best wishes,
Kate

Subject: INVITATION: Virtual CBME Summer Education Day – Friday 10th July 2020 (11am – 3.15pm)

Dear all,

We are delighted to invite you to our **CBME Summer Education Day on Friday 10th July 2020 (11am – 3.15pm)** which due to COVID-19, will now be **virtually facilitated**.

In the morning we will think about flourishing in medical education and connect with some of our students and their experiences, with a choice of a flourishing small group to attend. We will be thinking about how we might support our students whilst on their GP placements, in the light of the many challenges and life changes due to the pandemic.

In the afternoon we will hear from Prof Anita Berlin, there will be short year specific workshops, and there will be a session with the Placements Working Group team who have been working over the last couple of months to develop students' learning experience whilst on virtually facilitated GP placements. We are a team of GP tutors, students and CBME faculty who have been evolving and testing out practices to support student placements in the next academic year.

Finally, we are excited to present the Bruna Carnevale Award - the student nominated GP Tutor of the Year Award, the CBME Education Co-ordinator of the Year Award, and two student prizes in Global Health and the GP Roy Alexander Briggs prize.

All members of the practice team are invited to attend. **We will send you further details about the programme and how to book shortly**, but in the meantime, please do not hesitate to **contact Kate Scurr (k.j.scurr@qmul.ac.uk) & Chloe Millan (c.millan@qmul.ac.uk)** in the first instance if you have any queries at all about our virtual Summer Education Day.

We hope you are able to join us on 10th July.

Best wishes,
Louise
