

Mathematical Tools For Asset Management

MTH6113

Week 1 Feedback - Friday

Spring Term 2024

1. Shaymaa: Typo in Lecture slides 1

Assumptions on consumers' preferences:

1. *Completeness*: either $x \succ y$ or $x \succ y$ or $x \sim y$

▶ I can always rank goods

yes - fixed

2. Do you know roughly when the lecture notes for the module will be posted? As I work better with it and want to get ahead.
- 2'. I didn't mean the slides, I meant to typed full lecture notes for the whole module
 - ▶ The syllabus (list of topics) is posted on QMPlus
 - ▶ Lecture slides posted weekly on QMPlus
 - ▶ For studying in advance please use suggested texbooks in the first lecture.
