

Question Paper Approval Form: 2019–2020 Examinations

To be used for all exam papers administered by the Mathematical Sciences exam boards

Module Code(s)	
Module Title	

A. Approval of question paper

First Internal Examiner: I confirm that all reasonable steps have been taken to ensure that the paper is free from errors and of a suitable standard. Questions covering most areas of the syllabus have been included on the paper or on the in-semester tests. The rubric on the paper is exactly as candidates were informed it would be. No student could pass the exam by memorizing the solutions from a single past paper.

Tick one of the following:

<input type="checkbox"/>	This exam is the same format and standard as last year.
<input type="checkbox"/>	The exam is not of the same format and standard as last year. A new sample paper or set of sample questions has been given to the students.

Also tick one of the following:

<input type="checkbox"/>	This exam paper is suitable for resit and first-sit candidates from previous years.
<input type="checkbox"/>	A separate paper has been produced for resit and first-sit candidates from previous years.

Signature:	Date:
------------	-------

Second Internal Examiner: I confirm that I have done the best I can to ensure that the paper is free from errors and of a suitable standard. I have been given a copy of the syllabus and confirm that most areas of it are covered in the examination or the in-term tests, and solutions are annotated as bookwork, unseen, etc.

Signature:	Date:
------------	-------

Chair of Examination Board: I confirm that the paper has been subjected to all necessary scrutiny processes to ensure that it is free from errors and of a suitable standard.

Signature:	Date:
------------	-------

B. Printing requirements

Please detail below any special printing requirements. A master copy of any supplementary sheets which need to be copied separately e.g. special tables, graphs, equations, etc. should be returned with the stationery request form.
