

Dear GP Tutor,

WELCOME to 2019-20 MBBS academic year— an exciting time for CBME!

Training: We are delighted you are teaching QM Barts and the London medical students and hope you can attend our Autumn [Induction and Training days](#)

Review: This will be an exciting year. We are in the process of revising the GP Curriculum in preparation for the new MBBS “Graduate 2025”. We will be involving GP tutors in reviewing the focus and structures of the GP placements – ensuring the diversity of East London and the new models of care are reflected in our clinical learning opportunities. The engagement and wellbeing of students, patients, communities and their health care professional are at the heart of our shared endeavours.

Recruitment: The number of medical students is growing –so please let us know if you have a friend or colleagues who you could recommend.

CBME Team: Both the professional services and clinical academic team is thriving and expanding. We are sorry to say goodbye to Dr Sabir Zaman, but very pleased that Dr Siobhan Cooke will be stepping in as year 5 GP-Community Care module lead. For a full list of staff please see [staff list](#)

Best Wishes
Anita
