ALL HOLLYWOOD IS IN TOWN FOR TONIGHT'S STAR-STUDED PREMIERE! WE GO LIVE TO OUR REPORTER ON THE RED CARPET.

HOW DO THINGS LOOK?

BLEAK.

IN 800 MILLION YEARS THE AGING, BRIGHTENING SUN WILL BOIL AWAY THE OCEANS, AND ALL THIS WILL BE BLOWING SAND.

OH. UM. ...SOUNDS PRETTY GRIM. HOW ARE THE STARS REACTING?

HYDROGEN FUSION. BUT IT WON'T LAST FOREVER. I MEAN THE MOVIE STARS.

THEY WON'T LAST FOREVER, EITHER. NONE OF US WILL.
