# Guide to **Off-campus Access to Electronic Resources**

Queen Mary provides staff and students with access to its electronic collection off campus. Electronic resources can be found using various methods.

When you find an electronic resource you would like to consult using one of the tools above it will be accompanied by the SFX button (as displayed above).

Availability

Clicking on this button will open up a menu which provides information about the availability of your chosen result at Queen Mary.

In this example you can see we have a subscription to the e-journal from 1987 volume: 325, issue: 6099. If you are looking for a specific article you can use the information here to ensure Queen Mary subscribes to it.

If there is a full text link, click on it to access your search results. When you are off-campus this will direct you to the **QM login page**.
You first have to login to have access to full text articles.

More information about accessing electronic resources off-campus can be found at:
