

## **RW46 Film Studies and Hispanic Studies**

**These regulations are intended for students who commenced their programme of study in September 2023. Students who commenced their programme of study in previous academic years should consult the previous versions of the programme regulations**

### **Overall programme structure(s) and requirements, levels and modules**

You must take 120 credits in each year of study, meeting all programme and pathway requirements, and will only be able to progress to the next developmental year if you have met the progression requirements. To be eligible for the award of your degree you must have passed a minimum of 315 credits, including 90 credits at level 6, but not including credits taken as part of the Year Abroad.

You must take a minimum of 135 credits in Film Studies and 165 credits in Hispanic Studies modules, in addition to the Year Abroad module(s) over the period of your studies.

Some of these credits will be from core or compulsory modules. You must pass core modules to progress to the next year of study. You must take compulsory modules, but may be able to progress with a fail mark as long as you meet the overall progression requirements.

Some of your credits will be from optional modules within your subject areas which you can choose each year. You may also take up to 60 credits outside your subject areas in the course of your degree.

The Year Abroad is a compulsory and integral part of the degree programme. Exceptionally the School can exempt students from the Year Abroad with the agreement of the Year Abroad Committee, which will allow you to transfer to a 3-year degree. The programme requirements for the 3-year variant are exactly the same as for the 4-year programme but without the Year Abroad requirements.

You will be assigned to one of the pathways below according to your knowledge of the Spanish language. This pathway will be confirmed during Welcome Week when you first enrol at Queen Mary, taking your entry qualifications, educational background and, in some cases your performance in a language test, into account.

Please select your pathway from the list below and go to the relevant page. The regulations in each section outline the requirements for which modules you have to take in each year of study, and what you have to achieve to progress to the next year.
