

Module Title: Contemporary German Studies II

Module Code: GER505

Credit Value: 15

Level: 5

Pre-requisite modules:

Content Description

This course focuses on Berlin past and present, and will use a variety of artefacts and theoretical texts about this city as a springboard to an in-depth enquiry into contemporary German Culture. Having developed a historical perspective on the city and its culture(s), the course will in its second half place emphasis on more recent developments in and around Berlin.
