

Module Title: Chinese II Intensive

Module Code: CHI5200

Credit Value: 30

Level: 5

Pre-requisite modules:

Content Description

This is the second-year core language module for students who started their degree in Chinese 'ab initio'. It offers further intensive instruction in the Mandarin Chinese language. The course will cover all the major grammar patterns of Modern Standard Chinese and include an additional vocabulary of approx 1,000 lexical items.
